

March 17, 2023

To whom it may concern,

I hereby confirm that Pedro Henrique Delpupo Mauri provided Digital Marketing Consultancy service to Alpha Centro Educacional from January 28, 2021 to August 31, 2021, through the company Upsigns Comunicação Digital.

During the period above mentioned, he was responsible for creating digital marketing strategies, developing advertising and promotion campaigns, creating content for social media, and preparing reports and analyses of digital marketing metrics. He also developed ads for paid media platforms (such as Google Ads and Facebook Ads) and created company presentation materials.

I have been in contact with Pedro since I requested a quote from Upsigns. Throughout the entire process, from aligning goals and strategies to presenting the final results, Pedro was always available to clarify any doubts and met all project deadlines.

I am available to provide any further clarification about this information, if required.

Sincerely,

Emerson Antonio Rocha Pazeto

Administrator at Alpha Centro Educacional
