Parent and Student Input

Parent Input Summary:

Henry's parents identified his strengths as being obedient and when he is focused, that he performs well at working on school activities. The parents identified that Henry has struggled with concentrating and being shy. He is more comfortable when he is around people he knows, and when given praise after completion of school activities. One goal parents have for Henry is to learn English.

Student Input Summary:

Henry feels that his greatest strengths in school are eating his lunches and playing with friends. A challenge Henry has faced at school is conversing with friends and teachers. A goal that Henry has for himself this school year is to speak English.

Next Steps and Transitions

Describe the transition.:

Henry will be moving to grade 2 at St. Matthew School.

Provide recommendations to support success with the transition.:

Henry's successful strategies and accommodations will be shared with his new teacher.

Expected Transition Date:

2025-08-29

Year End Summary:

Henry has done a great job with his goals this year. As his teacher, I have seen improvement in Henry's ability to verbalize what makes him upset or when he is beginning to feel dysregulated. It is strongly recommended that he continue working towards more independence in this goal as Henry moves into grade 2. Henry showed a lot of hard work and dedication this year and should continue this in grade 2.

Recommended strategies to continue (Top 5 strategies).:

- teacher check-ins
- modelling
- visuals
- translation devices
- focused small group/one to one when available
